

Pleasant Grove Department

Month Old Bride Dies Of Paralysis

Mrs. Vera Walker Brema, wife of Grantley Brems, died Wednesday afternoon after being stricken with paralysis two weeks before. Her ailment was technically known as infantile paralysis.

She was married to Grantley Brems on the 9th of this month. Just one week after the wedding she was stricken and grew gradually worse till the end came. She first noticed a pain in her right hand, which gradually grew numb. When she later went to use her leg she noticed the same condition there.

She was the daughter of William and Sarah Walker and was born in Pleasant Grove, August 21, 1892. She was a graduate of the public schools and had one of the kindest of natures.

Funeral services will be held today at 2 o'clock.

BRINGS SUIT TO REGAIN HIS HOME

George Thorne Sues His Two-Months-Old Bride for Title to His Home.

George Thorne has commenced suit in the Fourth District Court against Emma Thorne, to cancel a conveyance for Pleasant Grove real estate, valued at about \$2,000, and for a reconveyance of the property.

Thorne alleges that the deed was obtained by fraud and deception. It was executed Jan. 19, 1914, and Thorne, who is 72 years of age, and the defendant, who is 51 years of age, were married in Provo on the same day.

The complaint sets out that on said day the defendant fraudulently induced Thorne to marry her for the purpose of obtaining from him the above-described premises. It also alleges that Thorne had only known the defendant for three days prior to the marriage, and that she claimed to be a resident of Denver, Colo.

It is then alleged by Thorne that he became acquainted with the defendant by correspondence, and that she came to his home and induced him to marry her, promising that she would be a loving, kind and obedient wife. Also, that immediately after the transfer of the property was made the defendant left for Denver, Colo., and Thorne has not seen her since, although he has repeatedly written her to return and live with him.

Mr. Thorne first learned of his wife's desire to wed by reading a Denver paper, and with the assistance of a friend in the correspondence he induced her to come to Utah. Remaining here but three or four days after the marriage, she returned to Denver on the pretext of going there to sell her property.

Two weeks later she again wrote Mr. Thorne for funds with which to return to Pleasant Grove. By this time he began to suspect that his bride was but a clever adventurer and instead of sending her the money for a ticket he telegraphed a ticket. The fact that she failed to use the ticket was evidence to Mr. Thorne that she was only scheming for more money, so he has commenced suit to reclaim the title to his home.

INTERURBAN REACHES PLEASANT GROVE

The men laying rails on the interurban road reached town this week, and it is now practically certain that the cars will be here for Conference visitors. The track will have to be ballasted and even then the grade will not permit of very fast time being made between here and American Fork. However, because of the convenience otherwise, it is thought that many will go to Conference over the interurban.

DEMONSTRATION TRAIN PLEASES

Farmers Attend Meeting in Large Numbers—Silos Exhibits Attract.

The attendance of farmers at the Salt Lake Route-Utah Agricultural College stop made and the day was very successful. During the morning students of the schools visited the train. Much interest was shown by all in the irrigation and silo exhibits.

At the meetings Benjamin R. Edgeridge of the Federal dairy department discussed dairying and silo building. Prof. W. W. McLaughlin

spoke on measurement of water and the proper methods of irrigation; W. H. Trank, irrigation pumping expert of the Utah Light & Railway company, supplied the farmers with valuable information along his line, and W. H. Lee of the Salt Lake Route discussed railroad problems.

BUGGY AND AUTO COLLIDE

While Mr. J. H. Adams was returning from American Fork on Wednesday night, bringing his daughters, Roxie and Roena, who had been working in American Fork, home to the party, an automobile ran into the buggy, wrecking it all to pieces and throwing one girl out. Had it not been for Mr. Adams' perfect control of the horse the girls would most likely have been killed, but as it was no serious injuries were received.

The man hurried on, never stopping to see the damage he had done. The marshal's wife witnessed the scene and identified the man. An officer was called and got him. He promises to come over and make it right with Mr. Adams.

Mutual Boys Will Be In Contest

Arrangements Made For Tests of Ability in Growing Crops On Half Acres.

Contests for the boys of the Young Men's Mutual Improvement associations of the Mormon Church, one for the city residents and another for the country lads, are being arranged by the general board of that organization. The latter are to enter a battle of ability in farming and gardening, using half-acre plots.

Chairman B. H. Roberts of the committee on vocations and industries of the associations has given out the following suggestions regarding the half acre contest plan.

"For the encouragement of industry in the gardening and farming districts, and to impress upon our boys and young men the value of intensely cultivating the soil and profitably marketing their products, the committee on vocations and industries of the general board of the Y. M. M. I. A. make the following recommendations:

"That a contest be held among the members of the Y. M. M. I. A. to be known as the boys' half-acre contest, and that all members of the Y. M. M. I. A. from the age of 12 to 18 inclusive be eligible to enter the contest. One-half acre of ground shall form the unit of this contest, but each contestant may enter as many as four units. Two or more young men may work two or more units together, forming a club or partnership, but there must be at least one unit of ground for each member participating in such a partnership or club. All clubs shall be restricted to not more than five members each. The participants in the contest are to decide for themselves what crop shall be planted, the frequency of irrigation and how the crop shall be cultivated and marketed, and as far as possible do their own work, hiring only such work done as they are unable to do themselves. An accurate record shall be kept of all expenses pertaining to the cultivation of the ground, the marketing of the crop, and the returns shall be accurately recorded also. The expenses shall include labor, seed, fertilizer, etc. The contestants shall also keep a record of the time they themselves work on their units.

"The committee on vocations and industries have affiliated in this contest with the National and State Boys' and Girls' Clubs, and are being assisted by the leader of the Boys' and Girls' clubs of the state. This affiliation makes all the contestants eligible for the state and national prizes, as well as the state championship.

"Leading business men and others in the various parts of the intermountain west where the Y. M. M. I. A. is organized are being interested, and prizes are being offered for the best record made in the different stakes and counties. At the conclusion of the contest, each stake or county will send the four records which have been adjudged the best in such locality to the general committee to be selected by the general board, and from the records submitted the first, second, third and fourth best will be selected, suitable prizes awarded and proper recognition otherwise made. In judging the general contest the committee will consider the crop yield, the marketing of the crop, record and net results."

A. K. Thornton is spending a few days in Salt Lake on business.

Mrs. Lizzie Olpin is reported as being quite ill.

John Dixon of Payson was in Pleasant Grove on business, Wednesday.

The High School Orchestra of Pleasant Grove rendered two beautiful numbers under the direction of Professor Overlade, to help the concert out. Mr. Robertson gave two violin selections.

The concert given Tuesday evening was a great success and netted \$23.85 for the M. I. A. There were a number of outside visitors, who were loud in their praise of the high grade character of the performance. Some of those who took part will also take part in the M. I. A. contests.

AGRICULTURAL CLUB NOTES.

Erickson and Larson, Editors.

At the club meeting Thursday afternoon it was decided that the Agricultural Club would take up the contest work that is being carried on in different lines of agriculture. The club will take the names of all who wish to enter the contest and give them what information they desire.

The chapel hour was turned over to the Agricultural Club, Friday. A program was given which aroused some enthusiasm toward our advantages of entering the contests. The seventh and eighth grades were present. The

following program was carried out: Song.....High School Introduction.....Leo Harvey Talk on Club Work.....L. A. Richardson Violin Solo.....LeRoy Robertson Talk on Good of the Clubs.....Omer Larson Talk.....James H. Walker Lists of the different lines of work were passed around, and many of the grade students, as well as some of the high school students, signed their names as contestants.

Tuesday afternoon the Animal Husbandry class had the privilege of seeing Mr. Halliday's French Coach horse. This is one of the best representatives of that breed that has ever come out in the west. It gave the students a good idea of the French Coach type. They also visited the stables of Mr. Lund, who has just brought in eight head of Percheron and Belgium horses. Pleasant Grove has a reputation for the number of pure-bred horses it has.

The club was entertained by L. A. Richardson. Luncheon was served and the evening was enjoyed by games.

PLEASANT GROVE HIGH SCHOOL NOTES

The seventh and eighth grades met with the high school last Friday in chapel exercises. The following program made everyone enthusiastic: over club work. The school sang "Lark at Noon," after which the meeting was turned over to the members of the Agricultural Club. Talk on "What Club Work is" by Mr. Richardson; violin solo, "Blumenfeld," by Le Roy Robertson; "Benefits of Club Work," by Omer Larson. Announcements and short talk by Principal Walker.

The boys are now hard at work practicing for the track meet and tomorrow a student body meeting will be held to arouse the enthusiasm for track work.
